**THIS IS VERY IMPORTANT! PATIENTS PLEASE MAKE SURE THAT YOU READ AND
UNDERSTAND BEFORE SIGNING!**

Dear Patient,

We would like to take this opportunity to acquaint you with our office and billing procedures. It is our goal to satisfy you and make the financial aspects of your health care as convenient as possible. Therefore, as a courtesy to you, we file most insurance. We will need a photocopy of your insurance card in order to process your claim. Without your card you will be responsible for full payment at the time that services are rendered. If your plan requires an annual deductible, we will need you to bring an explanation of benefits statement/form from your insurance carrier that shows that the deductible has been met.

All patients who have insurance that requires an authorization (referral) are responsible for obtaining that authorization. When no authorization has been received prior to your appointment; you will be asked to either reschedule your appointment or be responsible for the full bill.

Copays or coinsurance will be due at the time services are rendered.

If you have a copay or coinsurance you will be expected to pay it at every office visit. If you are scheduled for a procedure we will be responsible for obtaining authorization if it is needed. We will call your insurance company prior to your procedure to find out approximately what you will owe. We will inform you of what this amount is as soon as we can and **you will be expected to pay it on the day of your procedure**. If this amount includes a deductible and you believe that you have already met it, you will need to bring an explanation of benefits statement/form from your insurance carrier that shows that the deductible has been met.

We require that you notify us twenty-four (24) hours in advance prior to any office cancellations, or forty-eight (48) hours in advance for a procedure cancellation or there may be a \$25.00 charge applied to the patient for the missed appointment or a \$50.00 charge for a missed procedure. The Physicians do reserve the right to cancel an appointment or procedure due to a conflict in scheduling.

Assignment of Benefits and Authorization for Release of Information

I authorize release of any information concerning my or my child's health care, advice and treatment provided for the purpose of evaluating and administering claims for insurance benefits. I also hereby authorize payment of insurance benefits directly to my physician. I am financially responsible for non-covered expenses.

We are committed to providing you with the best possible care. As a service to you, we will file your insurance claim with necessary information in a timely fashion. Any balances after insurance pays will be billed to you for payment. Please remember that your contract is between you and your insurance company to provide reimbursement for medical care. We cannot be responsible for unwarranted delays by your insurance company or HMO. If your coverage is not what you expect, please discuss it with insurance company or employer.

Most insurance policies will not cover the entire expense for your care. Please pay your co-pay at time of check in. In most cases, you will be required to make a deposit at the time your surgery is scheduled. For your convenience, we accept cash, checks, and most major credit cards.

Acknowledgement of Receipt of Privacy Notice

I understand that my physician or staff may share my / my child's medical information for treatment, billing, and healthcare business purposes. I acknowledge that I have been given information that describes how my / my child's medical information is used and shared.

We thank you for the opportunity to serve you!

I have read, understand and accept the above policies.
